Adding widgets to your Android Device:

Add a widget
1. On a Home screen, touch and hold an empty space.
2. Tap Widgets 📈.
3. Touch and hold a widget. You’ll see images of your Home screens.
4. Slide the widget to where you want it. Lift your finger.
   Tip: Some apps come with widgets. Touch and hold the app. Then tap Widgets 📈.

Resize a widget
1. Touch and hold the widget on your Home screen.
2. Lift your finger. If the widget can be resized, you’ll see an outline with dots on the sides.
3. To resize the widget, drag the dots.
4. When you’re done, tap outside the widget.
